

Living Our Catholic Faith in an Age of Apostasy

A traditional Catholic Conference sponsored by the St. Vincent Ferrer Foundation

Speakers: Fr. Michael Rodríguez and Mr. David Rodríguez, M.Th.

More and more Catholics are realizing that we are living in a time of unprecedented crisis in the Catholic Church – we *are* living in an Age of Apostasy. But how is one to live as a faithful Catholic and grow in holiness in this turbulent time? This most pressing “practical” spiritual question inspired this conference.

In the opening sermon, Fr. Rodríguez introduces the two dominant themes for the conference: [1] man must focus on **God** first and [2] with God’s grace, man must strive for **holiness**. In the first talk, *Our Lady’s Heavenly Solution for Our Time*, Mr. Rodríguez fills us with hope by showing that, though the Blessed Virgin Mary, God has prepared us for these times and already provided the solution. Next, Fr. Rodríguez explains how a principal and indispensable element of the solution is that we must all strive towards *The Restoration of the Holy Sacrifice of the Mass*. In his second talk, Mr. Rodríguez provides seven *Spiritual Survival Skills* for Catholics living in this age of diabolical disorientation. In his second sermon and talk, Father presents *The Most Necessary Means to Sanctity in Today’s Time of Crisis* as five ways of loving God: love of the Truth, of God’s will, of the Cross, of the Church, and of His Mother. In the final conference, Father emphasizes how everything in the Mass must be for the greater glory and *Majesty of the Lord*.

These talks are a “must hear” for any Catholic striving to recover and restore our spiritual heritage and glorious tradition.
